

A Selection of Voice-Over Writing

Fallen Earth: The Grainway (working title)

Map/Sector: The Grainway

County: Alpha Zone

Faction: the Judges

Lines: Hostile/Aggro

The lines were split evenly between two voice actors. From one we requested an “insane, yelling” persona and from the other we requested a “creepy mix between a sith lord and golem from Lord of the Rings.” The latter hit the ritualistic, dark, ceremonies-in-catacombs atmosphere extremely well.

Die, corruptor!

Rivers of blood!

Rivers of blood to purify all!

Purify all!

Spill your blood.

Regret your sins.

Sinners will be judged.

You have been judged.

Swallow the weight of your sins!

There is no forgiveness.

You will burn in the blackest of hells.

May hellspawn gnaw on your bones!

Eternal damnation!

Damn you to hell!

There will be no salvation.

Suffer not the unrighteous to live!

The damned will wrap themselves in misery and gnash their teeth. (This one was a bit of a mouthful, so I shortened it to: The damned will cry in misery and grind their teeth!)

They will cry to the Ark and there will be no answer.

Humanity is lost.

Blood atonement!

May the dust of the earth run red with your blood! (This one I shortened to: The earth will run red with your blood!)

The body dies and the soul suffers!

A sea of dead for a river of blood!

What a wretched soul.

I will put you out of your misery!
